

Toggle Switch Guard

A guard to protect against inadvertent switching of a circuit breaker on AC & DC Distribution Panels

Variants

Colours :	Red or Blue
Connections :	M3 or M4 : switch dependant

Product Information

Size LxWxH :	62mmx19mmx16mm
Weight	10gm
Composition :	PLA & Stainless Steel
Assembled In :	United Kingdom
Software :	None
Packed Weight :	+90gm for P&P
Warranty :	3 years
Made By :	Smart Boat Ltd

Maximum Protection: Hinged design ensures maximum protection for critical circuit switches while supporting ease of access when needed.

Accidental Switch Prevention: Provides protection from accidental on/off switching events.

Universal Fit: Compatible with most A & B Series circuit breakers (please check dimensions).

Easy Installation: Simple to fit using your existing fasteners.

Durable Components: Equipped with a robust marine-grade stainless steel hinge pin.

Eco-Friendly Materials: Base made from sustainable biomass to minimize environmental impact.
